

European Journal of Mineralogy

No. 6/2016

Contents

Preface: Blueschist- to eclogite-facies rocks: from HP to UHP	1027
E. SATO, T. HIRAJIMA, K. YOSHIDA, K. KAMIMURA, Y. FUJIMOTO. – Phase relations of lawsonite-blueschists and their role as a water-budget monitor: a case study from the Hakoishi sub-unit of the Kurosegawa belt, SW Japan	1029
J. MAJKA, S. MAZUR, K. KOŚMIŃSKA, K. DUDEK, I. KLONOWSKA. – Pressure–temperature estimates of the blueschists from the Kopina Mt., northern Bohemian Massif, Poland – constraints on subduction of the Saxothuringian continental margin.....	1047
A.P. WILLNER, W.V. MARESCH, H.-J. MASSONNE, K. SANDRITTER, G. WILLNER. – Metamorphic evolution of blueschists, greenschists, and metagreywackes in the Cretaceous Mt. Hibernia Complex (SE Jamaica)	1059
F. MENG, H.-J. YANG, A.B. MAKEYEV, Y. REN, K.V. KULIKOVA, N.I. BRYANCHANINOVA. – Jadeitite in the Syum-Keu ultramafic complex from Polar Urals, Russia: insights into fluid activity in subduction zones.....	1079
B. LOMBARDO, F. ROLFO, W.C. MCCLELLAND. – A review of the first eclogites discovered in the Eastern Himalaya.....	1099
M.B. PETRIE, H.-J. MASSONNE, J.A. GILOTTI, W. C. MCCLELLAND, C. VAN STAAL. – The P–T path of eclogites in the St. Cyr klippe, Yukon, Canada: Permian metamorphism of a coherent high-pressure unit in an accreted terrane of the North American Cordillera.....	1111
B. LI, H.-J. MASSONNE. – Early Variscan P–T evolution of an eclogite body and adjacent orthogneiss from the northern Malpica-Tuy shear-zone in NW Spain.....	1131
H.U. REHMAN, D. MAINPRICE, F. BAROU, H. YAMAMOTO, K. OKAMOTO. – Crystal structure of the uranyl-oxide mineral rameauite	1155
R. MALDONADO, F. ORTEGA-GUTIÉRREZ, D. HERNÁNDEZ-URIBE. – Garnet–chloritoid–paragonite metapelite from the Chuacús Complex (Central Guatemala): new evidence for continental subduction in the North America–Caribbean plate boundary...	1169
H.-J. MASSONNE. – Tertiary high-pressure metamorphism recorded in andalusite-bearing mica-schist, southern Pirin Mts., SW Bulgaria.....	1187
R.Y. ZHANG, X.-H. LI, T.-F. YUI., B.-M. JAHN, J.G. LIOU, X.-X. LING. – U-Pb geochronology of zircon and rutile from the Kokchetav metamorphic belt, northern Kazakhstan, and its tectonic implications	1203
C. GROppo, S. FERRANDO, D. CASTELLI, D. ELIA, V. MEIRANO, L. FACCHINETTI. – A possible new UHP unit in the Western Alps as revealed by ancient Roman quern-stones from Costigliole Saluzzo, Italy	1215
D. KONOPELKO, R. KLEMD. – Deciphering protoliths of the (U)HP rocks in the Makbal metamorphic complex, Kyrgyzstan: geochemistry and SHRIMP zircon geochronology	1233
H.-P. SCHERTL, K. HAMMERSCHMIDT. – Tracking the incidence of excess argon in white mica Ar–Ar data from UHP conditions to upper crustal levels in the Dora-Maira Massif, Western Alps	1255
Acknowledgements	1277
